Delta Clean Acid™

SAVE TIME, MONEY & THE ENVIRONMENT

Delta Clean Acid™ is a single-cycle CIP clean acid detergent based on a blend of organic and mineral acids.

Delta Clean Acid's unique single-phase cleaning saves time and energy, plus it reduces water use and phosphorous discharge.

AFTER-BIRTH® BOLUS

12022671
Size: 50 s
Qty: 12

A non-medicated bolus for use after birth as an antiseptic and proteolytic aid at infection sites. For wounds or intrauterine use. Helps inhibit bacterial growth and reduces tissue proteins to more soluble forms.

Beef | Dairy | Sheep

CHLORADINE® LUBE

13866005
Size: 8 lb
Qty: 4

A ready-to-use antiseptic lubricant for topical or intrauterine application. It is non-greasy, has no irritating effects, and will not injure rubber appliances or surgical instruments.

Active ingredient: 0.1% Chlorhexidine gluconate

Beef | Dairy | Goat | Horse | Sheep | Swine | Dog

GENTLE IODINE 1%

12943265 19930020
Size: 16 oz **Size:** 1 G
Qty: 12 **Qty:** 4

An effective topical antiseptic for use prior to surgical procedures such as castrating and docking; for ringworm and foot rot; for application to the navel of newborn animals and for minor cuts, teat sores, bruises, and abrasions.

Beef | Dairy | Horse | Swine

HYDROGEN PEROXIDE 3%

17214830
Size: 1 G
Qty: 4

For use as a topical antiseptic and cleansing agent for minor cuts, abrasions, and wounds. In addition to its germicidal activity, the effervescence of hydrogen peroxide is beneficial to mechanically remove pus and debris from wounds.

Recommended to help maintain udder health in dairy cattle.

Dairy

THE SUPERIOR TEAT SEALANT

EASY TO USE

Comes in 4-gram syringes containing 2.6 grams of bismuth subnitrate

NO DYE

Easier to strip out with no batch contamination

ECONOMICALLY PRICED

Available in tubs of 144 syringes

TWO-STAGE TIP

Allows flexibility when administering product for proper sealant placement

MASTISHIELD™

Teat sealant technology, a great tool when starting the dry period!

Key Benefits:

- Mimics the cow's natural first line of defense, the keratin plug
- Provides a safe, antibiotic free, physical barrier between the udder and the environment
- Helps control mastitis during the dry period where more than 50% of early lactation Escherichia coli mastitis cases begin. Compatible with conventional dry cow management practices

21284510 | Mastishield™ Teat Sealant Pail | 144 s

ALL-IN-ONE CATTLE BOLUS

15994877

Size: 50 s

Qty: 8

A nutritional bolus for when times of recovery are critical and intestinal disturbances diminish intake or production during temperature fluctuations. Contains vitamins A, D₃, E, niacin, calcium pantothenate, riboflavin, choline chloride, and *Lactobacillus acidophilus* in a convenient dose for those who prefer a bolus over paste.

Beef | Dairy

AMCALCILYTE FORTE

12097211

Size: 1000 mL

Qty: 12

Used as a supplemental source of electrolytes, dextrose, and amino acids.

Beef | Dairy

BOVI FRESH®

21254151

Size: 50 lb

Qty: 1

An all-natural product containing a readily available source of calcium, certain electrolytes, and yeast, which aid in maintaining a normal mineral balance and pH of the rumen.

Dairy

BP-1® ENCAPSULATOR

21266745

Size: 50 s

Qty: 12

A probiotic dietary supplement containing beneficial gut bacteria, vitamins, and minerals. Designed for cattle with a sluggish appetite or recovering from stress of calving, shipping, heat, major feed changes, or other health concerns. Effective in management against ketosis, retained placentas, and milk fever in high performance females.

Beef | Dairy

BP-1® MAXIMUM PROBIOTIC PASTE

21266747

Size: 300 g

Qty: 12

A bovine probiotic paste containing bacteria specifically selected for their ability to be compatible in a wide range of gut conditions. Provides optimal colonization inside the rumen to ensure minimal gut disturbances so that appetite and feed intake can be enhanced. Contains 2.2 billion colony forming units per gram.

Beef | Beef Calves | Dairy | Dairy Calves

BP-1® PROBIOTIC & DIETARY SUPPLEMENT

21265467

Size: 300 g

Qty: 12

A bovine probiotic paste containing bacteria specifically selected for their ability to be compatible in a wide range of gut conditions. Used as economical way to prevent intestinal disorders and boost an animal's immunity, especially during stressful times of transportation. Contains 44 million colony forming units per gram.

Beef | Beef Calves | Dairy | Dairy Calves

GLUCAMINOLYTE FORTE

14786684

Size: 1000 mL

Qty: 12

For use as a supplemental nutritive source that restores electrolytes and energy in cattle due to its high levels of dextrose, amino acids, and minerals.

Beef | Dairy

GLYCERIN 99.7% USP

21262565

Size: 1 G

Qty: 4

Glycerin is versatile, possesses a unique combination of physical and chemical properties, and has been demonstrated to be suitable for use with teat spray. Useful as a topical sweating agent, for poultices to help remove fluids from inflamed and swollen areas, as well as for use as a skin softener.

Beef | Dairy | Goat | Horse | Poultry | Sheep | Swine

MEGA CMPK BOLUS

10258611

Size: 50 s

Qty: 6

A nutritional supplement that provides additional nutritional support of the minerals calcium, phosphorus, potassium, magnesium, and vitamin D₃ for livestock and horses.

Beef | Dairy | Horse | Sheep | Swine

MICROMASTER® BOVINE PASTE

MAXI BOVINE PASTE + E

21263331

Size: 300 g

Qty: 6

An oral dose source of selected host-specific lactic acid producing bacteria for gastrointestinal supplementation for all bovine species. Helps in maintaining appetite, digestion, and microbial balance. Great product in times of stress, including calving, climate changes, weaning, receiving and shipping. Contains 400 million CFU/g and 50 IU/g of vitamin E.

Beef | Beef Calves | Dairy | Dairy Calves

MAXI BOVINE PASTE (NO E)

21263355

Size: 300 g

Qty: 6

An oral dose source of selected host-specific lactic acid bacteria for gastrointestinal supplementation for all bovine species. Helps in maintaining appetite, digestion, and microbial balance. Great product in times of stress, including calving, climate changes, weaning, receiving and shipping. Contains 400 million CFU/g.

Beef | Beef Calves | Dairy | Dairy Calves

MULTI-SPECIES PASTE + E

21263315

Size: 60 g

Qty: 12

An oral dose of selected host-specific lactic acid bacteria for gastrointestinal supplementation to all species. Helps support appetite, digestion, and microbial balance during weaning, shipping, ration changes, antibiotic treatments, or environmental challenges.

All Species

MINERAL MAX™ RECHARGE

21265346

Size: 6 lb

Qty: 8

A powdered mixture of multiple sources of energy, vitamins, chelated trace minerals, and beneficial bacteria combined with aromatic flavor enhancers to stimulate strained cattle to consume water or feed during times of strain. Use for calves and adult cattle when signs of dehydration are present.

Beef | Beef Calves | Dairy | Dairy Calves

ORAL CMPK GEL

19865344

Size: 300 mL

Qty: 12

A nutritional supplement that supplies the necessary elements to help maintain normal nutritional levels before, during, and after calving. Provides a source of calcium, magnesium, potassium, and phosphorus.

Dairy

ORAL KETO ENERGEL GEL

14147851

Size: 300 mL

Qty: 12

A nutritional supplement that supplies the necessary elements to help maintain normal nutritional levels before, during, and after calving. Provides a source of magnesium, niacin, and vitamins A, D₃, E, and B₁₂.

Dairy | Dairy Calves

SURE-START® PLUS PASTE

11032122
Size: 300 cc
Qty: 12

A nutritional supplement containing a source of live, naturally occurring microorganisms that is fortified with vitamins, minerals, and dried milk protein. A beneficial probiotic to use when intestinal disturbances diminish intake and production during times of temperature fluctuations.

Beef | Beef Calves | Dairy | Dairy Calves

FIND YOUR SIZE

DISPOSABLE GLOVE SIZING

The sizing chart above can assist in determining the glove size that would best fit an individual. Please note with the variations in types of gloves, this is only a guide to help determine sizing.

DIRECTIONS

Place the widest part of hand on the chart, lining up the curve by the thumb and forefinger at the left edge.
